Please take a moment to read and respond. We need to understand what issues are important to you and what you think should be APRA's focus for 2020.

You can submit your answers online to secretary.apra@gmail.com or drop a hard copy off at 13 College Street. Or why not bring it along to our AGM at Spicer Street Church hall on 12th November at 7.30pm

1) Street Scene where you live - which of the following matter most to you?

Clean streets, free of litter, rubbish or fly-tipping?

Building works or renovation - are the roads clean and free of obstruction?

Pavements weed-free and unobstructed?

Clear gutters and storm drains, so water can safely run away?

"Street Furniture" such as lamp-posts and road signs - in working order, looking tired, with graffiti, or in need of repainting or repair?

Attractive, clean and well-maintained green spaces, e.g., "The Brickie"?

2) What are your chief concerns for Safety & Security?

Road surface or pavements - are they safe enough to drive and walk on?

Are the street lights working, and adequate?

Should there be CCTV to monitor movement and dissuade criminal activity?

Are you concerned about where you park, if so why?

Do you think vehicles drive too fast for such narrow streets? Do we need more traffic-calming measures or safety signage?

Are you worried about air pollution from engines idling?

Are heavy vehicles a problem for safety?

3) What does being in a Conservation Area mean to you?

Is it important to you? Were you aware when you moved into the area?

Do you know what it means with regards to planning and building alterations?

Are you worried if building or tree works are taking place which may be affected by planning regulations?

Would it help to have an information booklet for those new to the area? If so, could you help us to produce one?
